

EVOLVING THREATS IN A NEW BUSINESS LANDSCAPE

An accelerating cyber arms race is being played out, with attackers taking advantage of complex artificial intelligence, ransomware and malware that can damage business systems everywhere. What's your strategy?

INCREASING COMPLEXITY WITHOUT TRADITIONAL BOUNDARIES

- * 91% of cyber attacks start with a phishing email
- * Cyber threats typically remain hidden in the network for 191 days before discovery
- * Over 24,000 malicious mobile Apps are blocked every day
- * Today there is a hacker attack every 14 seconds and it occurs across all industries
- * 64% of companies have experienced web-based attacks; 62% experienced phishing & social engineering attacks
- * 59% of companies experienced malicious code and botnets
- * 51% experienced Distributed Denial of Service (DDoS) attacks and grew to more than 26Gbps, increasing in size by 500%

PROOF OF VALUE

Installation in about 1 hour, and there is no cost for this Proof of Value.

We include:

- * 4-week, no obligation trial
- * Analysis of what we find and how we find it
- * Weekly, custom-made Threat Intelligence Reports
- * Joint commitment
